

GCSE Examination Results 2023

DfE Measure	Outcome	DfE Measure	Outcome
English grade 4+	45%	English grade 5+	24%
Mathematics grade 4+	41%	Mathematics grade 5+	15%
Basics (English and maths)	34%	Basics (English and maths)	12%
Average Entries	8		
Attainment 8 / Progress 8	30 / -1.14		
EBACC Entry	3%		

- Students achieved Grade 7-9 in the following subjects: English language, English literature, maths, science, computer science, art, dance, drama, graphics, music, photography, technology, catering, PE

Grades are given a 9 (high) to 1 (low), grade 4 is a standard pass and grade 5 a high pass. Attainment 8 and Progress 8 are accountability measures the DfE introduced to ensure all students' grades count; a point value is given for every grade achieved. Attainment 8 is a calculation based on a combination of subjects. Greater value is given to English and Maths GCSEs than other subjects. Greater importance is given to sciences, humanities and languages, they are counted in the 8 counting subjects ahead of other GCSE and non-GCSE results. Progress 8 uses the students results at KS2 in the SAT tests to give a target outcome for each subject at GCSE. Progress 8 is the measurement of the student's results compared to the progress expected from the KS2 SATs. This score was not calculated in 2020 or 2021 because students did not sit external GCSE exams. 2022 P8 will be calculated by the DfE.

GCSE Examination Results 2022
