## PHYSICAL RESTRAINT & USE OF REASONABLE FORCE POLICY

---

Park Community School fully recognises the responsibility it has under section 157 of the Education Act 2002 to have arrangements in place to safeguard and promote the welfare of children.

**This policy is a whole school policy and applies to all students. Care and consideration will be given to the age of the child when following the guidance in this policy.**

**This policy applies to all staff, volunteers and contractors, paid and unpaid, working in the school including governors.**

This policy has been written using advice taken from Use of Reasonable Force, Advice for Headteachers, staff and Governing Bodies DfE 2013

The school acknowledges its legal duty to make reasonable adjustments for disabled children and children with special educational needs (SEND). Equality Act 2010, SEN and Disability Code of Practice 0-25 years 2015.

### **Definitions for the purposes of this policy document:**

- Reasonable force is defined as using no more force than is needed in the circumstances.
- Physical restraint is defined as the positive application of force in order to protect/prevent a student from causing injury to themselves or others or seriously damaging property. It is necessary in more extreme cases, for example to stop a physical fight.
- Injury means 'significant injury'; this would include actual or grievous bodily harm, physical or sexual abuse, risking the lives of, or injury to, themselves or others, by wilful or reckless behaviour, and self-poisoning.

### **Who can use Reasonable Force?**

- All members of school staff have a legal power to use reasonable force.
- This power applies to any member of staff at the school.
- It can also apply to people whom the Headteacher has temporarily put in charge of students such as unpaid volunteers or parents accompanying students on a school organised visit.
- The decision on whether or not to physically intervene is down to the professional judgement of the staff member concerned and should always depend on the individual circumstances.

### **When can Reasonable Force be used?**

#### **Reasonable force can be used:**

- to prevent students from hurting themselves or others, from damaging property, from committing an offence, or from causing disorder;
- to control students or to restrain them;
- to remove disruptive children from the classroom where they have refused to follow an instruction to do so;
- to prevent a student behaving in a way that disrupts a school event or a school trip or visit;
- to prevent a student leaving the classroom where allowing the student to leave would risk their safety or lead to behaviour that disrupts the behaviour of others;

## PHYSICAL RESTRAINT & USE OF REASONABLE FORCE POLICY

---

- to prevent a student from attacking a member of staff or another student, or to stop a fight in the playground;
- to restrain a student at risk of harming themselves through physical outbursts;

### **When can Reasonable Force NOT be used?**

**Reasonable force can never be used as a form of punishment.**

### **Guidelines for the Use of Physical Restraint**

**Professional judgement should be used in circumstances where the use of physical restraint and reasonable force is needed.**

- Staff should not hesitate to act in an emergency provided they follow the guidelines in this policy.
- Staff should always satisfy themselves that the action they take would be considered justifiable by a wider audience of professional colleagues.
- In any application of physical restraint, the minimum reasonable force should be used to calm down the situation.
- Help should be summoned from colleagues; students should never be involved in restraint.

### **What to do in circumstances when the use of physical restraint and reasonable force is needed**

- Approach the student calmly but firmly.
- Where possible, the consequences of refusing to stop the behaviour should be explained and it should be communicated to the student that physical contact or restraint will stop as soon as it ceases to be necessary.
- A calm and measured approach is required by staff throughout.

### **Method of Restraint**

**The method of restraint employed must use the minimum force for the minimum time and must observe the following:**

#### **Restraint must not:**

- Involve hurting the student
- Involve deliberately inflicting pain on the student
- Restrict the student's breathing
- Involve contact with sexually sensitive areas
- Involve locking the student in a room

#### **During any incident the person restraining should:**

- Offer verbal reassurance to the student
- Cause the minimum level of restriction of movement
- Reduce the danger of any accidental injury
- Cease the restraint if there are any signs of physical distress in the student such as sudden change in colour, difficulty breathing or vomiting

### **Physical restraint:**

**Physical intervention can take several forms and may involve staff:**

## PHYSICAL RESTRAINT & USE OF REASONABLE FORCE POLICY

---

- Physically interposing between students
- Blocking a student's path
- Holding
- Pushing
- Pulling
- Leading a student by the hand or arm
- Shepherding a student away by placing a hand in the centre of the back or in extreme circumstances using more restrictive holds

### Do:

- Summon help immediately. A student can be sent to get another adult.
- Ensure a free passage of air through airways
- Be aware of any feelings of anger
- Continue to talk to the student in a calm way
- Provide a soft surface if possible
- Be aware of any accessories worn by you or the student that could cause injury
- Monitor the student's respiration, circulation and state of consciousness

### Don't:

- Try to manage on your own
- Stop talking, even if the student does not reply
- Straddle the student
- Push their arms up their back
- Touch the student near the throat or head
- Put pressure on joints or on arterial pressure points (inside of upper arm, groin, neck)
- Use facedown holds

### Recording Incidents

- Minor or everyday use of reasonable force does not need to be recorded. For example, children running off in the playground and being guided back to the line by the teacher or assistant.
- All more serious incidents involving the use of physical restraint must be reported to the Headteacher or the Head of School as soon as possible after the incident. These must be recorded on the Record of the Use of Physical Restraint.

### Telling parents/carers when force has been used on their child

- Staff need to use their professional judgement on whether to inform a parent/carer, depending on the seriousness of the incident.
- In a serious incident where a member of staff has had to physically restrain a student, the parent/carer will be informed on the day and the conversation should be followed up in writing to the parent/carer.

### What happens if a student complains when force is used?

- All complaints about the use of force should be thoroughly investigated in line with the Complaints Policy.
- Where a member of staff has acted within the law – that is, they have used reasonable force in order to prevent injury, damage to property or disorder –

this will provide a defence to any criminal prosecution or other civil or public law action.

- When a complaint is made the onus is on the person making the complaint to prove that his/her allegations are true – it is not for the member of staff to show that he/she has acted reasonably.
- If an allegation of abuse is made against a member of staff, the procedures set out in the Safeguarding and Child Protection Policy will be followed.
