Year 7 – Who Dunnit? Day

Year 7 took part in a PD Day entitled Who Dunnit? Their challenge was to use their employability skills and work as a team to decipher evidence, crack the clues and determine who was the murderer. The year group was enthralled with the investigation and took it very seriously. Including using their communication skills to interrogate the suspects and some even presented their findings in front of the whole year group. They managed to piece the puzzle together and eventually arrested the culprit!

Thank you to EBP for running such an incredible day!
